

DUTCH UNCLES

**SINGLE RELEASE - 'THE INK'
(Ltd Edition 7" Vinyl & Digital, MAY 31st 2010)**

Dutch Uncles release 'The Ink', through Love & Disaster on 31st May 2010

Dutch Uncles are five young men who all hail from Marple on the outskirts of Stockport. They have been making music together for the past five years and have mastered the art of fashioning complex compositions and off-kilter time signatures into indie-pop, alt-anthems with ease. In the case of 'The Ink' complexity has never sounded so simple and intricacy has never sounded so massive.

They are an enigmatic live band earning a reputation as one of the best unsigned live acts in the UK amongst their peers; Bombay Bicycle Club, Maximo Park, The Futureheads and others have all expressed their admiration for the band by personally requesting them to join them on UK tours.

Dutch Uncles are: Duncan Wallis (vocals), Robin Richards (bass), Peter Broadhead (guitar), Dan Spedding (guitar) Andy Proudfoot (drums).
